TESTIMONIALS

“ *Nina Corder, is one of the **most remarkable** women I have ever had the privilege of knowing. She built Women of Toledo from a dream and a research project into a movement that has touched nearly 10,000 women across cultures and countries, appointed by the United Nations as a Global Champion for Change, and she did all of it without ever once seeking the spotlight she deserves. That is **Nina's character**. She genuinely believes women are better together, and she has given her entire platform, her resources and her life's work to prove it.*

LETTER TO NINA

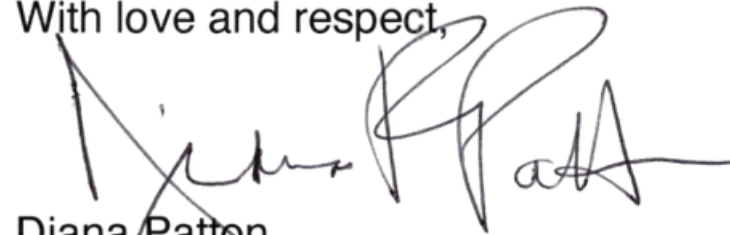

Dear Nina,

One of the first things that stood out to me about you was your **ability to create genuine belonging** So often, spaces that are labeled “inclusive” still feel limited in perspective or representation. But what you created felt different. It felt intentional. **It felt welcoming. It felt human.**

Beyond your **heart for people**, I’ve always **admired your strategic mind and your commitment to excellence**. You are **deeply process-oriented, thoughtful, and data-driven** in a way that brings clarity and structure to vision.

What I admire most, however, is your **unwavering commitment to people**, especially women and young leaders. You mentor, encourage, and pour into others with authenticity and care. **You don’t simply build organizations; you build connection, confidence, and community.**
